NEWS ITEMS OF INTEREST.

Iron Mountain, Mo., is all that its name implies, being seven-tenths pure iron. It is nearly a mile long, half as broad, and several hundred feet high. It is being carried off at the rate of \$50 tons a day.

John Carmody was for five months a patient in a St. Louis pauper asylum. On his discharge he presented a bill for \$300, on the ground that he had a part of the time performed the duties of a nurse for himself and others.

A woman at Allenville, Ark., conspired with a drug clerk to give to her husband poison as though by mistake, instead of a substance which he habitually bought. The plan was to let the man die, and then the widow was to sue the clerk's employer for damages.

Near the village of Dubno, province of Vladimur, Russia, a number of dogs attacked a woman and tore her to pieces. A peasant who happened to see the woman struggling with the infuriated dogs, and who tried to save her, was nearly killed himself. He was rescued by the combined efforts of seven peasants. These dogs belong to a rich man who takes a barbaric pleasure in keeping the peasants in dread of them.

Little Benedict Tacagni, a child of 6 years, the "midshipmite" in an English children's "Pinafore" company, was taken ill with acute rheumatism and died. During the delirium consequent on his illness he continually sang the "Pinafore" music, and the last audible sound that the little fellow uttered was his childish version of "For he is an Englishman."

The project of an international bullion bank is now discussed in Paris, its purpose being to secure the disuse of remittances in gold coin, and substitute for it bullion. By this arrangement it will be possible to save the expenses of exchange and the damage attending the transportation of gold coin. This bank is to be opened in Paris and London, and branches are to be established in large cities all over the world.

Girls Should Not Cross their Legs.

The London *Lancet* calls attention to the danger incurred in the case of young girls by prolonged stooping over work and crossing of the legs. Dr. Malherbe, with a view of obviating these evils, has invented a plan which consists of fixing to the edge of an ordinary table a sort of cushion, on which the work can be easily fastened or spread out, as on the knee. A framework of the simplest description admits of the raising and lowering of this cushion, so that the work may be done sitting or standing, but in either case the vertebral column is maintained perfectly straight, while the facility of changing of position greatly lessens fatigue. To test the invention, Dr. Malherbe introduced it at the Communal School of Nantes, and with good effect on two pupils, who had a tendency to malformation.

It is an established fact that Davidsons gives the best satisfaction in repairing fine watches and jewelry.

The latest novelty in children's and ladies parasols at 75 cents and \$1 apiece, at A. Strasburger & Co's.

A new invoice of fine goods is coming in at Goeggel's. There are some beautiful onyx and cameo sets, also diamonds and pearls.

Four doses of Mrs. Dr. Howe's celebrated rheumatism medicine will relieve the most intense pain. One bottle or more will cure Gold by all druggists.

Watches, clocks, and jewelry repaired in workmanlike style, at the lowest prices, DeBell's.

No one need suffer with neuralgia or toothache. A few drops of Mrs. Dr. Howe's celebrated toothache medicine will instantly stop the pain and save the tooth.

Is your purse light and your heart heavy? If so step into Sol Levy's store and you will make the happy discovery that very little money goes a good ways there.

For Cheap Drugs, Toilet Articles, Patent Medicines, Perfumery, etc., call at Jno. F. Myers' Drug Store, two doors west of the post office.

All lovers of a first-class Bi Cigar come to John F. Myers' Drug Store, two doors west of post office.

Go to Sol Levy for your dress goods and trimmings. He has enough to suit all in quality, style and low prices.

The leading watchmaker in town is Goeggel, west side of Virginia Street.

The latest styles and patterns in summer dress goods, grecianines, and summer silks, at prices to suit the times, at A. Strasburger & Co's.

Ladies' linen suits and dresses at a great sacrifice, at A. Strasburger & Co's.

All goods sold at the lowest possible figures at Goeggel's Jewelry Store, Virginia Street Reno.

Who fills your mind with the horrid thought that Dry goods have advanced? Only those who are anxious to grab the largest profits. Do not mind such nonsense, but step into Sol Levy's store, examine his new mammoth stock and convince yourself of the tumble prices on goods have taken.

Avoid all further trouble and expense by having your watch fixed by Goeggel, on west side of Virginia street.

J. Fredrick pays the highest price for old gold.

Sol Levy has such a lovely variety of ladies' and children's stockings, and so very cheap, that short dresses will become all the rage. Don't you see the point, Dear Joe? Less dress goods.

J. Fredrick's watch work has always given entire satisfaction.

Special Bargains.

Linen Suits for three dollars worth fifteen; something inconceivable, yet strictly true. All our dress goods, fancy goods, cloaks, ulsters and ladies' and children's underwear, at such low figures as Reno has never seen. To my carpets, oil cloth, and wall paper, I call special attention. My stock of goods as a whole, for assortment and style, has never been surpassed. I most respectfully invite the ladies of Reno to call and examine for themselves.

m3 ISAAC BARNETT.

Vick's Seeds.

Pinniger & Queen have received a large lot of Vick's flower and vegetable seeds, floral sets, alfalfa, timothy, lawn grass, blue grass, white and red clover, onion sets, etc., all of which will be sold at lowest market rates. All who wish fresh and reliable seeds are invited to call and examine.

### THE ANTI-EHUMATION ACT.

It is well known that the Chinese always ship the bones of their dead to China. In 1878, with a view to slightly "cinch" the Chinese, the Legislature of California passed an "Anti-Ehumation" act, forbidding the disinterment of human bones without a special permit from a health officer. Said permits cost \$10 each. A Chinaman who had not the fear of the law before his eyes recently in San Francisco dug up the remains of a departed brother, with a view to exportation. The officers pounced upon the offender and upon trial he was fined \$50 with an option of 21 days. An appeal was taken to the Circuit Court. Judges Sawyer and Hoffman have just ruled that the law is constitutional and they sustain the decision of the lower court.

### EDITORIAL NOTES.

Concerning Mr. Tilden the New York World says: "A candidate sixty-six years of age, with one arm palsied and one eye closed, who cannot or will not speak much above a whisper, and who relies upon an intelligent and amiable widow to cut up his food for him, yet who rides briskly on horse back, insists on managing all the political conventions in the country, and is ready to outwalk General Grant on a wager, must indeed be a 'Centaur'."

F. A. Trillie tells the Virginia Chronicle that he thinks a narrow gauge road over the Sierra to compete with the Central Pacific would little benefit either Nevada or California and that such a road is unlikely to be built. "The proposed lines north and south from Reno would, however, be of incalculable benefit in developing the state."

The delegates elected by the Louisiana Republican State Convention yesterday are understood to be divided between Grant and Sherman.

An Elko correspondent of the Times-Review states that the cause of the failure of Freeman's bank was stocks.

Daggett's Nevada School Land bill has passed the House.

### PACIFIC COAST NEWS.

San Francisco's City Hall artesian well is good for 168,000 gallons a day.

Three Leadville companies paid dividends for April of \$215,000, against \$802,700 paid by all the other mining companies in the United States for the same month.

The Europa Leader says that the estate of M. Traver, who was murdered at Candelaria, was expected to yield \$50,000, but has dwindled down to \$5,000, through crooked administration.

The old Flower mining company has brought suit against the North Bonanza and the present Flower mining company, alleging ouster, and claiming \$150,000 damages and the possession of the entire property.

A shooting affray occurred about five miles from Sheridan, Cal., Friday morning, in which Daniel Haley was shot with a shotgun and instantly killed by W. K. Fenton. Land trout is supposed to have been the cause of the shooting.

A correspondent writing from Leadville says: In all my experience in mining camps from Montana to Arizona, I have never struck a place like Colorado, and Leadville in particular, for destitution and utter want. The labor market is overdone to an alarming extent, and where one man is at work twenty-five are idle. Thousands offer their services daily for grub money, and even then are unable to find work.

The Colorado Springs Gazette correspondent writes: The snow is packed in Ruby to the depth of four or five feet, and melts very slowly. There are at least 1,000 persons camped along the rivers, and the wagons come in at the rate of ten a day. The prices for the necessities of life for both men and beasts are very high. Flour is \$8 a sack, beef eighteen to twenty-five cents a pound, grain eight cents a pound, and hay four to six cents.

A special from Shakespeare, Arizona, to the Star says: The stage leaving here went-bound, May 21st, was "taken in" at Granite Gap, about twenty miles from here. One passenger is reported killed and the driver wounded. Two lady passengers are said to have escaped. It is not known whether the attack was made by Indians or road agents. Captain John Price and three men have gone in pursuit.

### Stage Robbery in Calaveras.

MILTON (Calaveras Co.), May 24.—The stage from Murphy's to Milton was robbed this morning by one man when two miles from Vallecito. Wells, Fargo & Co.'s box was taken. Contents unknown.

### A Stage Robbery in El Dorado County.

GEORGETOWN, May 24.—About 8 o'clock this morning the Georgetown and Placerville stage, when about four miles from the former place, was stopped by two masked men, who demanded that the express be handed out to them. The express route having been changed in the last two weeks, their demand could not be complied with, and the only passenger, W. Perkins, was robbed of \$60. The men were both heavily built, one light and the other dark complexion.

### JOTTINGS.

— Justice is assessed 50 cents.  
— Tom Rogers, of tar-bucket fame, has returned to town.

— The assessments on Bonton and North Bonanza became delinquent today.

— The Mechanics' Store made a fine appearance when lighted up last evening.

— "Fresh Butter" 50 cents. Roll is the way a sign reads at McClellan & Simpson's.

— Little Barnett had a pugilistic encounter on the street with a Chinaman this morning, in which the Asiatic got badly beaten.

— A special New York Central car with a number of Eastern passengers arrived on the overland last night and went to Virginia this morning.

— There is a dance at Pyramid this evening. W. Goegger, M. and B. Barnett, and Charles Buckley left this morning to attend it, and with an eye to business.

— A traveling agent of W. R. Knights of Sacramento this morning purchased 167 hides from W. Bonham of Sheephead Springs, Roop county, paying \$287 for the lot. Some of them were "murrain" hides.

— Ware Chisholm's horse ran away on Second street this morning, scared by a dog fight. It crossed Virginia street and ran nearly to the gas works, where the cart was overturned and the horse devested of nearly all the harness. Not much damage was done.

— Two lone fishermen met on the bridge this morning and had a slight altercation. The opening of the quarrel was not witnessed, but when a reporter happened along a few minutes later, one lone fisherman was nursing a bleeding nose, while the victor was exulting over him.

### Como News.

B. F. Fletcher was in from Como yesterday, on his way to Verdi. He reports the camp quiet just now. Work is going forward in seven or eight mines. The May Day shaft is 100 feet deep, the South Eureka is down ninety-five feet, and a tunnel is being run in the Belvedere. The Weiter mill is not running at present but is likely to start up soon. The North Rapidan will have steam hoisting works in the course of a few months. J. H. Hepworth is going to build a blacksmith shop shortly.

### A Wonderful Clock.

The clock that was found in an old mine at Como may now be seen at Chase's saloon. Since its discovery, about five months ago, it has been constantly running and has kept excellent time. This clock is known to have lain in an abandoned mine for fifteen years. The works are of brass.

Horse Thieves Jailed in Susanville. A Susanville dispatch of the 23d says: Four men, arrested in Grant county, Or., on May 12, with horses in their possession, stolen from John Hale of this (Lassen) county, were committed to jail here to-day.

## R. R. ACCIDENT.

### The Calamity on the South Pacific Coast Railroad.

#### A Crowded Excursion Train Swings from the Track.

#### Sixteen Persons Killed and Forty Mangled or Bruised.

#### Statements Concerning the Cause of the Disaster.

An appalling accident happened on the South Pacific Coast railroad on Sunday, by which sixteen persons were killed and forty others badly wounded or slightly bruised. It is the only great railroad disaster that has ever occurred in California, but it was attended with such frightful loss of human life that it will be recorded in the annals of railroading as an accident almost as horrible as the Angels, Ashtabula and Revere disasters, although differing in character and cause from either. The accounts from the scene of the accident are somewhat conflicting. The excursion cars were provided with the ordinary hand-brake. The following telegrams from Santa Cruz and San Jose give particulars of the disaster, as obtained from passengers and train men:

#### FIRST ACCOUNTS OF THE CALAMITY.

SANTA CRUZ, May 23d.—A terrible accident occurred yesterday afternoon on the line of the South Pacific Coast Narrow Gauge Railroad, which resulted in a large loss of life and the bodily injury of a score or more of passengers. The Independent Rifles, Captain Cantus, left the foot of Market street at 8:45 yesterday morning for the Big Trees, just beyond Felton, on the line of the South Pacific Coast Railroad, where they intended holding a picnic. An excursion train with about 300 persons on board, also left Santa Cruz for the picnic ground at 9 o'clock. Among the latter party were a number of San Francisco people, who had been spending the day in Santa Cruz, and took the opportunity of going to the Big Trees and meeting friends from the city whom they expected down on the excursion. People from the surrounding country also poured in to the grove in large numbers, and when the San Francisco train with the Rifles on board reached the ground at ten minutes past 1 o'clock, there were over 1,000 people in the grove.

#### THE ILL-FATED TRAIN.

At half-past 3 P. M. a train left the grove for Santa Cruz. The train consisted of three open, or platform cars, with high railing on the sides and ends, with seats, on which there were about 125 passengers. There were some San Francisco people among them, who took the opportunity of running down to Santa Cruz and spending an hour before returning home. The train was drawn by engine No. 3, and Robert Elliott was at the throttle. All went well until tunnel No. 7 was passed. This tunnel is 300 feet long, and is situated just above and overlooking the powder works. As the train emerged from the tunnel, the speed was noticed to increase perceptibly, and as there is a heavy grade at that point, the cars were soon moving with great rapidity.

#### A CAR JUMPS THE TRACK.

Just after leaving the tunnel there is a sharp curve in the road, and as the centre of the arc of this was reached, the forward car jumped the track to the left, and the second car jumped to the right, the third car remaining on the track. The occupants of the two forward cars were hurled in a confused mass to either side of the road, or fell upon the track. The rear car, which remained upon the track, continued on like the car of Juggernaut, running over and maiming and mangling the bodies of those who lay upon and between the track, and was only stopped by the resistance offered by the bodies of the unfortunate passengers. Those who chanced to be upon the rear car were uninjured, only being thrown from their seats by the shock. These at once set to work to offer assistance to their suffering fellowmen. The sight which was to be met within five minutes after the disaster occurred was one that wouldadden the hardest heart.

#### SCENES OF DEATH AND SUFFERING.

Following is a list of the killed telegraphed from Santa Cruz:  
Clay Merrill of Soquel.  
J. Optiz of San Francisco.

#### I. Falk of Santa Cruz.

William Costello of Santa Cruz.  
Mrs. C. S. Hussey of Santa Cruz.  
Joseph Darcy of Santa Cruz.  
Frank Butler of Santa Cruz.  
John Straub, sausage maker, of N. 249 Fourth street, San Francisco. M. Straub, his wife, was not hurt.

#### Walter Hoyt of San Francisco.

George Heuer of San Francisco.  
E. Jasper, grocerymen, corner of Powell and Jackson streets, San Francisco.

#### C. Cappelman, keeper of the El Dorado saloon, Santa Cruz.

Several of the wounded have since died.

Powder Works. The roadway is cut into the hillside and there is a sharp descent into the San Lorenzo Valley fully 500 feet on the other side. As nearly as can be learned from passengers able to give a coherent account of the accident, the train was going at a rapid rate. This is contradicted, however, by railroad officials and others, who saw the train from the opposite side of the San Lorenzo Valley.

#### THE SECOND CAR JUMPED THE TRACK.

It is impossible to tell with absolute certainty the exact cause of the accident, but as near as can be ascertained, the second of the three flat cars jumped the track, and ran into the bank on the right-hand side. The rails were torn away by the embankment, and the people in that car were spilled out indiscriminately. Many of them were jammed in between the cars and the bank, and others were run over by the last car and horribly mutilated. The passengers on the first car were also thrown out, and many were slightly injured, but so far as can be ascertained, those in the last two cars were the chief sufferers. It is stated that the shock of the concussion against the bank broke the coupling between the first and second cars. At any rate, the two were uncoupled, and the engineer ran into town for the purpose of summoning relief. The scene, immediately after the accident, simply beggars description. The air was rent with the shrieks of men, women and children.

#### W. H. Deans, knee-cap dislocated.

Emma Rosenbaum of Jackson street, San Francisco, had both legs broken. Mrs. Emma Brooks of San Francisco, was considerably bruised.

#### GEO. REEDY, ED. GREEN and JAD MASON Wilson, were bruised about the head and body.

Geo. C. Stevens, sustained a severe hurt in the leg.

August Dreher of Santa Cruz, was hurt severely in the head.

Patrick Gallagher of San Jose is very seriously hurt, and out of his head, and may die before morning.

Herman Pippen's son is in a very low state, and supposed to be dying.

E. H. Buckran, Glen Park avenue, San Francisco, hurt in back.

Henry Rose, 609 Capp street, San Francisco, both legs broken.

William Knight, 1,006 Jones street, San Francisco; bruised.

Archy Anderson, San Jose; internal injuries.

W. R. Dean, San Francisco; knee joint dislocated.

Mrs. DeHarde, of San Francisco; leg broken above the knee.

Mrs. F. Kamade, San Francisco; badly bruised.

Herman Repon, 187 Tehama street; badly injured.

F. K. Enlade, San Francisco; badly injured.

H. H. Reid, Alameda; badly hurt.

CONNOR STILL IN THE REAR.

FRANKTOWN, May 23d.—Editor Gazette:—Wm. Cubb and C. E. Franks, both of this place, have been appointed Census Enumerators.

Mr. Franks goes to Ormsby county and Billy enumerates here. They are both live boys and will do their work well.

Before signing Billy's recommendation to Supervisor Ferguson, we hinted that we would like him to take a big book under his arm, and show us what kind of an enumerator he would make. No sooner said than done. We sent him to our house. Now the maternal part of the domestic firm is a little deaf, and mistaking Billy for the Assessor, she replied, in response to his inquiry as to the health of the family, that he had better call some other day. Nothing abashed, he asked the number of children, ages, etc.

She said curtly that she had no money in the bank, that times were so hard that it was barely possible to get the necessities of life—no money on hand. Billy, trying to conciliate, remarked: "That's a very handsome piano in the parlor—Steinway's I presume." This finished his business, and I guess he doesn't want any more enumeration there. She, however, explained to him that what he thought was a piano was a patent automatic baby spinner, and that patents were not taxable. If any one has a good audiophone he can sell it to me.

#### Lucky Renotes.

Among the new mining districts now springing into prominence in the East is the Cherokee mining district in Plumas county, Cal. The district has already produced several dividend paying mines; the most noted are Green Mountain, Plumas, National, Crescent and Eureka. The GAZETTE has now to chronicle the addition of a new one, the Southern Eureka, which specially interests several of our well-known citizens.

This mine is located near the Green Mountains, in the heart of the gold bearing district. This valuable property was lately sold in New York to some capitalists for a large sum. J. Lipson lately arrived from the East after negotiating the sale. In the interests of the company he was in Greenville several weeks, and has just returned. He is very enthusiastic over the mines in that district, and thinks the Comstock will soon take a back seat. The Southern Eureka will, it is expected, soon be paying dividends, which will bring a considerable sum to the Reno stockholders. Mr. Lipson has engaged the services of M. C. Bradford, the well-known mining expert, to forward an elaborate report of this mine East. The company will soon put on additional men, and are making arrangements for a 30-stamp mill. Mr. Lipson will leave shortly for the East, to secure the necessary machinery.
